

Giving Sight Transforming Lives

October - December 2020 | Newsletter No.: 142

LRBT

FREE EYE CARE FOR THE POOR

Largest provider of eye care in Pakistan

Sabra

- almost lost her sight and livelihood

LRBT has treated over 45 million patients and has impacted the lives of millions more by enabling the treated to go back to leading fulfilling lives.

Sabra, a school teacher wakes up every day with a twinkle in her eyes ready to tackle head on the million questions related to studies and otherwise her inquisitive pupils regale her with everyday. She uses colorful chalks to channel and focus their attention to the board. To her, focus is everything yet she started losing hers when she was unable to read the board from even a few feet away.

Belonging to a small town where a females role is defined to the kitchen, she was already challenging the norms. It was when she feared for her sight that her perseverance and courage was put to the test. The local doctor gave her eye drops and told her if her condition did not improve then she would have to stay at home where she belongs. Heartbroken but determined to keep on pursuing her passion for teaching, she set out to find a cure for her eye ailment.

One of her colleagues advised her to go to LRBT. She came with diminished vision but

hope shining out brightly from her eyes. For the first time in her life she was treated as an equal at LRBT where quality care was given to her with respect and dignity, irrespective of her gender. At her follow-up visit she confided, *"I have always been a hardworking, independent person, I used to support my aging parents by teaching and supplementing the household income. I continued with my profession even after marriage and two children, it helps my children study for free while I get to do a job I love. My ideal life would have been shattered had I not been able to get my eye treated. LRBT helped me in keeping my dreams alive."*

Today she is once again surrounded by her beloved students and tells them stories of hope and perseverance and how these two together can overcome insurmountable obstacles.

Help us change the lives of millions more like Sabra. Help us give them a bright future full of love, hope and cheer.

Coping with the ever-growing patient volume

LRBT started off as a small mobile unit in Tando Bago over 35 years ago. Over the years, it has spread throughout the country with 19 Hospitals and 57 Primary Eye Care Clinics. The journey of growth and expansion continues.

Korangi

LRBT offers services of administering A-VEGF injections for patients suffering from diabetic retinopathy and age related macular degeneration. The number of patients reporting for treatment has been on the increase, necessitating the need of a dedicated space for this purpose so that the major operation theatres could continue to be used for major surgeries without interruption. A theatre for this purpose has been made by renovating an available room. Civil work began on 10th August 2020 and was completed on schedule on 9th November 2020.

Odigram and Kalakalay

There was need to separate the instrument washing areas within the operation theatre, provide protection for extreme cold ambient area temperatures on the exterior walls of the operation theatres and also paint work that was essentially required in different locations of the hospitals. This work was carried out by the maintenance teams in the same period as both the hospitals are at a distance of 40 kms from each other. This work had begun on 1st October and was completed within a month.

Mandra

Mandra Hospital is a pivotal unit in the network as in addition to receiving patients from its surrounding areas it serves many patients referred from our Northern hospitals where some diagnostic tools and treatment are not available for certain eye ailments. Over the years and with the increase in the number of patients, there was dire need to construct a purpose built hospital which would offer

efficient services, provide a comfortable environment to the visitors and sufficient space to house various sub specialty clinics. The groundbreaking ceremony of the project took place on 22nd December 2020 in a simple manner with the employees of the hospital participating in it. The expected completion date of this project is August 2022.

We are grateful to our long standing and loyal donor who is providing full financial support in the construction of this building. In the past, he had sponsored major renovation and expansion at Khanewal and Gambat Hospitals. Later, a new surgical complex and OPD were also constructed through his support.

LRBT Corneal Bank

During 4th quarter, 10 corneal grafts were carried out at LRBT Hospitals.

LRBT Free Tertiary Eye Hospital Korangi Karachi performed 5 surgeries. We are grateful to **APPNA** (Association of Physicians of Pakistani Descent of North America) who donated 2 corneas from Dr. Naseem Shekhani and 3 corneas from Dr. Atif Sohail.

Organ donation as a whole is still a challenge in Pakistan as many falter for various reasons; Endorsements on approval of organ donation in light of Islam from national and international Islamic scholars and councils can be found on: <https://www.lrbt.org.pk/cornea-donation-light-quran-sunnah/>

If you are residing in Karachi, Lahore or Quetta and would like to become a donor, please visit: <https://www.lrbt.org.pk/wp-content/uploads/2018/05/CorneaDonation.pdf>

Seeing is Believing

Visits to LRBT

Dr. Arif Alvi, President of Pakistan, visited LRBT Secondary Eye Hospital, CHINIOT on 17th November 2020. His reviews, "President admired LRBT set-up and said that he is already aware about the standard of LRBT and its services."

examine my eyesight. The staff and doctors are very friendly, professional, and dedicated. Their level of dealing and handling is at par. I pray for their future and success."

Ms. Salina Zaheen, Graham Layton Trust, UK, visited LRBT Secondary Eye Hospital, Mandra Rawalpindi on 28th November 2020. She commented, "Thank you for wonderful hour of the hospital. It is a pleasure to be here and see the work that goes on the ground. I look forward to sharing feedback with our colleague and donors back in UK. Thank you again!"

Mukhtiar Ahmad, (AD-CS/NGO) Pakistan Bait-ul-Mal (Balochistan), visited LRBT Free Secondary Eye Hospital Quetta on 5th October 2020. He commented, "The arrangement of the hospital is very good and skillfully done. I am very much satisfied."

Syed Mazhar Ali Nasir, CEO SWAT CERAMICS, SHAIDU, NOWSHERA, visited LRBT Secondary Eye Hospital Akora Khattak on 18th November 2020. He commented, "I am impressed by the quality being maintained in the hospital which is away from the main cities. It will be an honor to support this institution by my family as was being done by my father, Syed Munazir Ali Shah. Indeed a great experience to see the wonderful work being done and service to humanity."

Mr. Jamil Akhter, Superintendent of Police HQRS Mansehra, visited LRBT Free Eye Hospital, Mansehra on 14th November 2020. He commented, "Today I had paid a visit to

Mr. Fayaz Ahmed, Lecturer Mathematics, Mehran University of Engineering & Science (SZAB) Campus Khairpur (Mir's), visited LRBT Secondary Eye Hospital Gambat on 29th December 2020. He commented, "LRBT provides good environment to patients and its results for patients are excellent, it works very well for poor and needy people of remote areas."

Partnership Agreements

LRBT gives credit to its partners for its success and is proud to work with them in ongoing projects:

Government of Sindh

A fresh grant of Rs.70 million was graciously awarded to LRBT for the fiscal year 2020-21. Under the plan, we are required to perform 15,152 sight restoring cataract surgeries at all five of our Sindh Hospitals over a period of 12 months. Despite the restrictions and constraints caused by the prevailing pandemic, we have not only achieved but have surpassed our target set for the second quarter by performing 7770 cataract surgeries.

This project was especially designed to carry out sight restoring cataract surgeries on the poor, needy and disadvantaged people in the Province. We are thankful to the Sindh Government for their continuous support.

Sightsavers

Sightsavers required us to perform 4550 cataract surgeries during the quarter October-December 2020 under the UKAM project. These surgeries were carried out as planned, despite the second wave of COVID which necessitated stringent measures to ensure safety of both health care professionals and patients.

LRBT was also assigned to conduct 3000 cataract surgeries during the period under review, which was successfully achieved. LRBT and Sightsavers have been partners for 35 years, working together for the cause of

alleviating curable blindness in the Country.

Brien Holden Vision Institute

"Our Children's Vision" campaign" is being carried out in collaboration with BHVI as part of a global effort emphasizing the need to increase children's access to eye health and continues to provide eye wear to children through this program. For ease and convenience of children and their parents, these spectacles are now being made available at the hospitals. In the Odigram and Mansehra Hospitals, this would be implemented from January onwards.

During this quarter this year, we conducted OPD of 53,469 children of which 689 were refracted and 302 glasses are being provided to them.

CBM International

CBM is supporting 22 students initially for a two-year Ophthalmic Assistant Diploma. This project is coming to a close in December 2020.

We are hopeful that CBM continues to support this venture through which quality eye care can be offered and the deficiency of mid-level eye care professionals in the Country can be reduced.

In another development, CBM and LRBT are at an advanced stage of finalizing their BMZ project for strengthening health systems in District Sadiqabad. Over the period of this project, it is expected that it will create awareness amongst the poor and disadvantaged people of the region in addition to providing eye care close to their abodes.

FHF cataract surgeries

The Fred Hollows Foundation

LRBT was required to conduct 3041 cataract surgeries during November and December at three designated hospitals that have been accomplished on schedule.

In addition, 700 sight restoring cataract surgeries from FHF referred surgery patients, which comprise poor females employed in Agriculture and Cottage Industries in District Khanewal and Chiniot have been assigned to LRBT. During the period under review a total of 229 surgeries have been accomplished. The

target given for this quarter was 200. This project is progressing according to schedule.

WHO Eye Camp Project

World Health Organization

LRBT was requested by WHO to conduct eye screening camps in selected Afghan refugee villages in Baluchistan and Khyber Pakhtunkhwa Provinces under a project, "Protecting rights of older refugee people with disabilities." This was a challenging task as it required us to organize seven camps in locations that we were unfamiliar with and in a period of little over a month. Three of these camps were held in KP Province while the other four took place in Balochistan. A total of 3524 patients were examined. Of these many received medication while spectacles were provided to those having refractive errors. 330 sight restoring cataract surgeries were carried out after transporting the patients to our hospitals at Akora Khattak and Quetta.

Congratulations on completing eye care training programs

LRBT strongly believes in training its doctors and paramedics so as to give the best quality care to our patients.

1. HUMAN RESOURCE DEVELOPMENT

At present, 47 FCPS and 3 MCPS trainees are undergoing postgraduate training.

a. DOCTORS QUALIFICATIONS

1. Dr. Hunain Razzak Ghoghari	- Korangi Hospital	FCPS
2. Dr. Rizwan Rasheed	- Korangi Hospital	FCPS
3. Dr. Umair Abdullah	- Khanewal Hospital	FCPS
4. Dr. Mansoor Ali	- Lahore (Township) Hospital	FCPS
5. Dr. Malik Arsalan Shahid	- Lahore (Township) Hospital	FCPS
6. Dr. Saad M. Iqbal	- Lahore (Township) Hospital	FCPS
7. Dr. Mashal Tayyab	- Lahore (Township) Hospital	FCPS

b. CONTINUOUS MEDICAL EDUCATION

17 of our doctors at the Tertiary Hospital, Korangi are presently undergoing various types of procedural training.

2. TRAINING & DEVELOPMENT

LRBT School of Ophthalmic Paramedicine

LRBT recognizes that eye care for our patients begins in the homes, streets and clinics of our communities. Eye health paramedics are there to provide care to patients without the need to go to hospitals. We believe that good patient care can only come with improving the skill of our workforce.

Session 2021: Advertisement for Admissions published in the local newspaper. Collection of applications and selection process for Ophthalmic Assistant, Ophthalmic Technician, Ophthalmic Operation Theatre (OT) Technician and Refractionist Course have also been completed. Classes will be commenced in January 2021.

Session 2020: Students from Sindh completed their academic session in December 2020. Their final exams are awaited. Students other than Sindh completed their academic session, appeared in their final

examination at Jinnah Medical College Hospital (JMCH) and their results are awaited.

Session 2019: Students from Sindh completed their academic session in December 2019. Their final examinations are expected soon. Students other than Sindh completed their academic session, appeared in their final examination at Jinnah Medical College Hospital (JMCH) and all stand qualified except one.

REFRESHER COURSES

- 10 Paramedic Staff attended 2 weeks Online Refresher Training from 09th to 23rd December 2020

OTHER TRAINING PROGRAMS

- Dr. Arshad Mehmood from our Gambat Hospital attended Argon Laser Training at our Korangi Hospital from 28th December 2020 to 09th January 2021
- Mr. Junaid Iqbal, OT Technician from our Akora Khattak Hospital attended VR Equipment (Usage/Sterilization) training at our Lahore Multan Road Hospital from 21st December 2020 to 01st January 2021
- Ms. Fauzia Aziz, Manager Resource Development from our Central Office attended online short course on "Civil Society Women in Executive Leadership" sponsored by Brien Holden Vision Institute (BHVI) under Australian Awards in December 2020
- Online Sign Language Training of Staff organized by Sightsavers under its UKAM Project for our Quetta, Akora Khattak, Shahpur and Mandra Hospital from Aug-Nov 2020. Total 12 classes were

conducted at each location on once a week basis

3. APPOINTMENTS

- Dr. Syed Fawad Rizvi from our Korangi Hospital was appointed as:
 - External Examiner for 4th MBBS Examination from 19th December 2020 at Jinnah Medical & Dental College, Karachi
 - Paper Setter for FCPS-II Vitreo Retinal (Ophthalmology) Paper Setting (Session Oct-20) on 12th October 2020 at CPSP Karachi

4. WORKSHOPS

- Dr. S. Fawad Rizvi attended workshop on Educational Planning on 9th October 2020 at Jinnah Medical & Dental College
- Drs. Muhammad Hasnain, Jibrán Khalil and Musawer Javaid attended skills development workshops at CPSP

5. RESEARCH WORK

- LRBT Lahore (Township) Hospital in collaboration with Allama Iqbal Medical College & Research Centre and Centre of Excellence in Molecular Biology (CEMB) has started a study on "Stem Cells". The Titles of the Project are as under:
 - a. Corneal Endothelial Dysfunction in Human Subjects
 - b. Retinitis Pigmentosa

6. RECOGNITION

- LRBT Tertiary Teaching Eye Hospital, Lahore (Multan Road) has been issued License by the Punjab Healthcare Commission. Previously, our Arifwala and Lar Multan Hospitals were given this license

BEST PERFORMERS OF THE YEAR 2019/2020

In order to recognize employees for their best performance for FY 2019-20, Awards have been distributed to the following employees:

Mr. Junaid Baig
Accountant
LRBT Central Office

Mr. Abid Ali
OT Technician
LRBT Korangi

Mr. Akhlaq Ahmed
Refractionist
LRBT Tando Bago

Mr. Iqbal Ahmed
Computer Operator
LRBT Rashidabad

Mr. Hassam Khattak
Counselor
LRBT Akora Khattak

Mr. Ali Hussain
Dispenser
LRBT Gambat

Mr. Saeed Akram
Hospital Administrator
LRBT Mandra

Mr. Muhammad Ali
Hospital Administrator
LRBT Odigram

Mr. Muhammad Safdar
Hospital Administrator
LRBT Lar Multan

Mr. Muhammad Younus
Hospital Administrator
LRBT Quetta

Ms. Sidra Aslam Awan
Optometrist
LRBT Shahpur

Mr. Muhammad Javed Iqbal
Data Entry Operator
LRBT Khanewal

Mr. Tariq Mehmood
OT Technician
LRBT Mansehra

Mr. Noman Ahmed
Hospital Administrator
LRBT Arifwala

Mr. Ibad-Ur-Rehman
Registration Clerk
LRBT Lahore (M. Road)

Mr. Muhammad Haneef
Assistant Lecturer
LRBT SOP, Korangi

Mr. Asif Ali
Dispenser
LRBT North Karachi

Mr. Manzoor Ahmed Javed
Registration Clerk
LRBT Chiniot

Mr. Liaqat Ali
Hospital Administrator
LRBT Kalakalay

Highlights from LRBT PAKISTAN

Optic Disc Pits Surgery

Optic Disc Pits is a rare disorder occurring in approximately 1 out of 10,000 eyes. Both genders are affected equally, 10-15% are bilateral and a few cases are autosomal dominant. Reportedly this is the first operation of its kind in Pakistan and was performed at our LRBT Korangi Hospital on 29th December 2020. A research study of this novel technique for the treatment of Optic Pit Maculopathy, "Micro-incision Vitrectomy and Plugging of Optic Pit with Amniotic Membrane" is also underway.

World Sight Day 2020

World Sight Day, held on the second Thursday of October every year, aims to focus global attention on vision impairment and blindness. This year's awareness campaign was aired on TV, print and social media. Awareness sessions to educate our patients about the importance of eye health were held at LRBT Hospitals.

LRBT Quetta arranged a walk to mark World Sight Day and arranged a poster competition on "World as I See" among school students and distributed prizes to the top 3 winners. LRBT North Karachi Hospital held awareness session on World Sight Day and briefed the patients on importance of cleanliness and eye care. Awareness banners were also displayed on World Sight Day at various LRBT Hospitals.

LRBT Sightsaviour Wristbands

As part of the World Sight Day campaign, EFU purchased Sightsaviour wristbands for its employees to create awareness and support for the cause of eradicating curable blindness in Pakistan.

IBA Students also supported LRBT by making a video to create awareness for the plight of the visually impaired and support their surgeries by purchasing the wristbands.

Breast Cancer Awareness Session

October is the month of awareness of two of most important health issues faced by Pakistan: sight and breast cancer. LRBT joined the Breast Cancer Awareness Campaign, an initiative taken by Begum Samina Alvi to create awareness for employees, students and community in general. LRBT held a session on "Blessing called Sight" and "Breast Cancer Awareness" for its Karachi Hospitals' female staff.

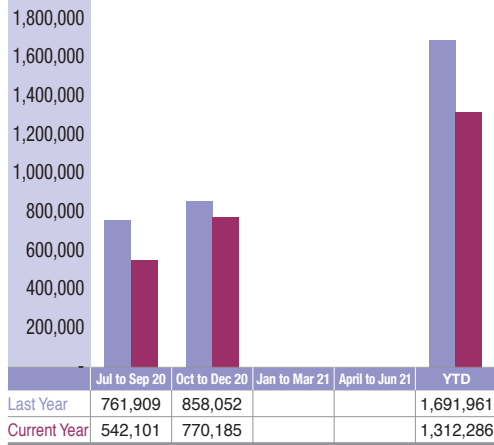

The session was opened by Ms. Shabana Shahzad, Head of Resource Development, followed by key note on LRBT from Dr. Mahwash Khan, Head of Community. The speakers included a panel from first lady Mrs. Samina Alvi's BCA task force Dr. Samiya Asif and Sadia Siddiqui (motivational speaker and cancer survivor) along with Dr. Nuzhat I. Malik, Radiologist, Indus Hospital.

Highlights from LRBT PAKISTAN

IAPB PHOTO COMPETITION WINNERS

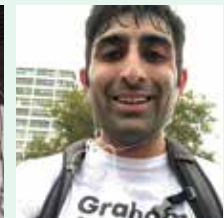

LRBT was crowned winners in the 'Amateur Category' of the VISION 2020/IAPB World Sight Day "Hope in Sight" photo competition. The World Sight Day photo competition held annually is a great opportunity to highlight eye health successes from across the world. It is a great achievement indeed and we are proud to have won this prestigious photo competition out of hundreds of entries.

Highlights from GLT

WORLD SIGHT DAY

GLT marked World Sight Day on 8th October 2020 by campaigning for children's eye care. With the help of supporters, over £55k was raised, which will treat 1,050 children for cataract surgery. Volunteers took part in personal challenges of running, swimming, hiking and biking to help raise funds. Britain's Got Talent semi finalist Sirine Jahangir, who lost her sight at a young age, sang live on the GLT YouTube page in support of the campaign. Her self-written song 'Breathe' was dedicated to LRBT's patients. Special thanks to Lady Fatemah Trust for matching all donations.

GIVING TUESDAY AND CHRISTMAS CAMPAIGN

Over the festive season, GLT continued to raise funds for children's eye care. A message from Patron Lord Michael Dobbs conveyed the need to continue supporting those who are facing blindness. Available to view on GLT's social media channels.
