Abdur Rehman

21- year old Abdur Rehman's Story of Resilience and Hope.

Eyes are the most precious of our senses, yet not being able to afford quality health-care to cure eye ailments in a timely manner can lead to lifelong blindness. 21-year old Abdur Rehman faced such an

ordeal when he was told at a private clinic that he should 'live without sight and accept it as his fate', because he could not afford the operation.

Hailing from Karachi, Abdur Rehman is eldest amongst 6 siblings. His father developed a drug abuse problem when he was 6 years old and since then Abdur Rehman has been heralded with the responsibility of providing for his family. He worked hard as a

daily wage laborer to ensure that there was food on the table for his family. A major chunk of Abdur Rehman's income goes towards paying

rent. Despite his efforts and hard work they were barely able to fulfill basic necessities. Adding to the family's dilemma was their father's deteriorating condition due to years of drug abuse.

Abdur Rehman finally started to see a silver lining when one of his contractors got him enrolled for vocational training to learn stitching. After learning he landed a job at a tailor's shop. Not only was he able to hone his skill set with the increasing orders, his monthly income was also raised substantially. It felt as though he could finally take a sigh of relief but yet again fate landed him an unfortunate hand and he injured his right eye severely and lost sight. During this time of extreme duress, desperate to claw at any opportunity that would give him a chance at regaining sight, Abdur Rehman took

loans and went to the best private clinics available to him. They all prescribed operations which were unaffordable, even if he took loans, the doctors at these clinics did not seem confident that he would be able to see again. One even asked him to 'live with the condition and consider it his fate'.

Abdur Rehman's angel in disguise came in the form of their relative who had previously been treated at LRBT. He advised him to go to LRBT's Tertiary hospital in Korangi. Abdur Rehman was worried about the cost but his relative assured him that he would not be charged a single penny, if he could not afford it. Having never experienced free treatment himself Abdur Rehman was skeptical but one day his pain was unbearable and he had no option but to rush to LRBT Korangi.

He was taken in immediately and was diagnosed with retinal detachment. He needed urgent surgery if his sight was to be saved and the doctors wasted no time and scheduled his operation the very next day. His retinal detachment surgery was successful and Abdur Rehman is now able to see with his right eye again.

"My first reaction was fear when the doctor at the private clinic told me I should just live with sight in only one eye and consider it my fate. I feared not for myself, but for my family and their future. I was desperate for some miracle and LRBT was nothing short of just that. I walked in skeptical, as my belief in anything 'free and without strings' has become jaded due to life experiences but alas I was proved wrong! The dignity with which I was treated, and the empathy rendered by the doctors and staff is something I have never experienced, even at clinics where I was paying. It was the best decision of my life, the quality treatment and care that I received has enabled me to see again and has given the wings I needed to ensure that my family's future is safe and secure. It may seem like LRBT has just saved my eyes, but in reality LRBT has ensured that a family of 8 people is saved from a life of dismay and destitution"

" Help us change the lives of millions more like

Abdur Rehman

Help us give them a bright future full of love, hope and cheer "

COPING WITH THE EVER-GROWING PATIENT VOLUME

LRBT started off as a small mobile unit in Tando Bago over 36 years ago. Over the years, it has spread throughout the country with 19 hospitals and 59 primary eye care clinics and 4 out reach clinics The journey of growth and expansion continues.

RahimYarKhan | New Hospital

In the District of Rahim Yar Khan, quality of life for people with threatened or existing visual impairment and their participation in social life and society in general has greatly been impacted due to the absence of eye health care facilities especially for the poor and due to affordability issues as they cannot visit private clinics due to prohibitive costs.

Construction of our new, purpose built Hospital in Rahim Yar Khan began when earth breaking took place on 12th February 2022. The project is planned to be completed in two years.

Our long standing and loyal donor in Abu Dhabi is providing full financial support for purchase of land and construction of this hospital. In the past he had sponsored major renovation and expansion at Khanewal, Gambat Hospitals This was followed by construction of a new OPD and surgical complex at Lar and presently construction of a new hospital building at Mandra.

Mandra

Construction activity is progressing ahead of schedule. This Hospital is a major unit in our network of 19 hospitals and in addition to receiving patients from its catchment areas, it serves patients referred from our hospitals in KPK where some diagnostic tools and treatment is not available for certain eye ailments. Over the years and with the increase in the number of patients, there was need felt to construct a purpose built hospital which would offer efficient services, provide a comfortable environment to the visitors and sufficient space to house various sub specialty clinics.

Brick masonry and plastering work is completed on all floors while electrical, plumbing and tile work is progressing at a satisfactory

LRBT at a glance

pace. Paintwork is also being carried out in various areas of the building. Front elevation is 95% complete as is the boundary wall. A lift especially for the patients is also under installation. The scheduled completion date of this project is August 2022.

Gambat

Civil work for construction of a large new Operation theater having 8 sets, began in October 2021 at an estimated cost of Rs.7.9 million was completed ahead of schedule on 15th March 2022. It also requires alterations in the sterilization areas and other allied service areas. This segment will be initiated post Eid and shall be completed by 15th June 2022. It is noteworthy to add that surgical services were not halted as a result of this construction activity.

SEEING IS BELIEVING

Visits to LRBT

Mrs. Nusrat Mirza (Chief Executive Officer, Graham Layton Trust UK), visited LRBT Tertiary Teaching Eye Hospital Lahore Township on

31st Jan 2022. She commented, "The Rolls Royce of excellence, care and compassion serving humanity."

Shaikh Zayed Hospital Lahore) visited LRBT Tertiary Teaching Eye Hospital Lahore Township on 4th Nov 2021. He commented, "It is an

honour to have visited LRBT Hospital; one the best organized Hospital I have seen. I wish them all the Best and it will be an honour to serve the institution in any way possible"

Mr. Sajjad Hussain (Retired Judge Antiterrorism, Khairpur Court), visited LRBT Secondary Eye Hospital Gambat on 28th January 2022. His observations were "I feel happiness to see the best arrangements for examination and treatment of male and female patients separately, The Doctors and staff are highly competent, co-operative, devoted and dutiful. I pray for more development and progress of the Hospital".

Mr. Mahmood Qasim - CEO and Mr. Nabil Ali-Director of Programs (International Development and Relief Founda-

tion), visited LRBT Tertiary Teaching Eye Hospital Korangi 2 ½ Karachi, on 2nd Feb 2022. They remarked "LRBT is doing tremendous work and we are very happy and satisfied as IDRf with their level of excellence" and "I am glad to see the work LRBT is doing. Glad to see the machines are still working. May

Prof. Dr. Ayyaz Ali Khan (Ex- Prof. of Dentistry,

ALLAH bless LRBT"

Rear Admiral (Retired) Syed Abdul Baqar (CEO, Infaq Foundation) and Mr. Tariq (Programme Officer, Infaq Foundation), visited LRBT Secondary Eye Hospital North Karachi on 15th February 2022. He commented, "An exciting hospital. Despite space constraints staff is providing excellent eye treatment under dynamic leadership of Dr. Hina. She has total ownership of the place.

During this quarter, 6 corneal grafts were carried out at LRBT hospitals. We are thankful to APPNA(Association of Physicians of Pakistani descent of North America) for donating corneas. Organ donation as a whole is still a challenge in Pakistan as many falter for various reasons; Endorsements on approval of organ donation in light of Islam from national and international Islamic scholars and councils can be found on:

<https://www.lrbt.org.pk/cornea-donation-light-quran-sunnah/>

If you are residing in Karachi, Lahore or Quetta and would like to become a donor, please visit: <https://www.lrbt.org.pk/wp-content/uploads/2018/05/CorneaDonation.pdf>

Eyecare Health Tip

To prevent eye strain frequent breaks from screen should be taken. The best way is to take your eyes off from the screen for 20 minutes and looking at something 20 feet away for 20 seconds.

Dr Saima Amin
Pediatric Ophthalmologist, LRBT

PARTNERSHIP AGREEMENTS

LRBT gives credit to its partners for its success and is proud to work with them on ongoing projects:

Sightsavers

LRBT is implementing an agreement inked last year under which we are required to perform a total of 6853 cataract surgeries at Sibi and to target the marginalized, disadvantaged poor populace residing in the peripheral areas of Quetta, Gwadar and Turbat, the southwestern coast of Balochistan, over a period of three years. During the month of Jan - March 2022, 395

surgeries were performed. The accumulated number of surgeries that have been performed so far under this project totals 2058. We are also in contact with various health Authorities to spread awareness about the availability of these services at our Sibi facility.

Brien Holden Foundation

LRBT operates six optical shops at our Korangi, Gambat, Lar, Multan Road Lahore, Mandra and Akora Khattak Hospitals which provide quality eye wear at affordable prices to the people who visit

these facilities. This activity has added value as it provides quality eye wear at affordable prices in the premises of the Hospitals. In a recently held meeting with BHVI in March, it was decided that another two shops would be added in the fold. Shahpur Hospital by the end of this year and the second one in the Rahimyar Khan Hospital, which is presently under construction.

LRBT continues to team with BHVI as part of a global effort emphasizing the need to increase children's access to eye health and continues to provide eye wear to children through "Children's Vision Campaign". For ease and convenience of children and their parents, these spectacles are now being made available at all the Hospitals. During this quarter this year, we conducted OPD of 29,674 children of which 11,109 were refracted and 1,437 glasses are being provided to them.

CBM International

The prime goal of this project in collaboration between BMZ-CBM, COAVS and LRBT is to provide access to improved and inclusive eye health services in the district Rahim Yar Khan District of South Punjab in collaboration with the Government Health Departments. The interventions are being ensured at Government health facilities both at primary and secondary level as it is inclusive by design, having all community members regard less of gender, disability and age groups. The following milestones were achieved during the quarter under review:

- Continuous quality eye screening services were provided to the local population of District Rahim Yar Khan. 15,621 people were screened for eye problems in THQ Hospital Sadiqabad and primary eye care units.
- A total of 255 eye surgeries were performed in this quarter. During a camp organized for the first time at THQ Sadiqabad where the newly established OT supported by BMZ-CBM was made operational, 123 cataract surgeries were performed.
- LRBT provided slit lamp and Auto refractometer on the request of MS THQ for eye screening in OPD.
- Accomplished three trainings for the staff on Job

Skill enhancement and orientation for newly hired Social Organizers in Karachi at LRBT's Central office, two days for Optometrists at LRBT Korangi Hospital, 3rd training for Data entry operator on photography skills at LRBT Korangi Hospital Karachi.

- LRBT arranged refresher training 22 LHV's at HTQ Sadiqabad on 17 March and facilitated by IEH manager CBM.
- LRBT sent 75 PPE kits during the Covid-19 red campaign situation to the 29 HFs
- Construction Superintendent visited project sites for survey and presented findings for accessibility intervention. This intervention is expected to complete by June 2022.
- An agreement was signed between the local vendor and LRBT office Sadiqabad for the procurement of spectacles, 1st demand of 132 was submitted in March 2022 and the team has start proving glasses to the beneficiaries.
- Referral slips and OPD registers formats have been developed and finalized and printing is in process.
- A trainer consultant was hired for 3 days. 29 medical officers ,16 SH&NS, 16 LHV's received training on inclusive eye health with special emphasis on identifying the most common eye diseases and on hygiene and behavioral practices for prevention and disability mainstreaming.
- 11 cascade trainings for LHW were completed by 31 March and in which 174 LHW's were trained in Tehsil Sadiqabad on inclusive eye health with special emphasis on identifying the most common eye diseases and on hygiene and behavioral practices.
- LRBT has hired an expert consultant for establishing District Eye Health Committee and District Eye Health plan. Initially his team member visited the project area and submitted his initial visit report. He will be presenting the major findings in the upcoming meeting planned on 10 to 11th May 2022.

FHF Cataract surgeries

A new agreement was signed with LRBT recently requiring us to perform a total of 2900 cataract

surgeries at 5 LRBT designated hospitals from Jan 2022-November 2022. These surgeries are being performed under "National Sight Restoring Project". We have conducted 472 sight restoring surgeries during the period under review. The project is progressing satisfactorily and is expected to conclude, as planned.

OBAT CANADA

OBAT's purpose is to relieve poverty in developing nations, primarily in South Asia by providing support to individuals in need through basic health care while LRBT is providing state of the art, comprehensive, quality free eye care in Pakistan. This led to a number of agreements requiring us to conduct cataract surgeries in addition to receiving state of the art ophthalmic equipment.

Mr. Akbar Khimani, our generous supporter recently donated an equipment each for Korangi and Pasrur Hospitals. The third equipment is expected in the next quarter.

K-Electric

LRBT won the KE KHI Award 2022 in Public Health(Secondary/Tertiary

Healthcare) Category, announced by the K-Electric Co. Ltd. recently. This project will resolve accessibility, gender and affordability issues by making medication and refractive error services available at the eye screening camps followed by sight restoring surgeries at our two hospitals in Karachi. This project will be launched in July 2022 for a period of one year. We look forward to KE's continuous support.

Government of Sindh

Government of Sindh graciously awarded a grant of Rs.80 million to LRBT for the fiscal year 2021-22.

We are required to perform 15,009 sight restoring cataract surgeries at all five of our Sindh Hospitals over a period of 12 months. A total of 3,752 surgeries were performed meeting our target for this quarter well before the end of March. We are deeply grateful to the Sindh Government for their continued support.

Partnership Agreements | LRBT Corneal Bank

A&A Company Formations DMCC- Dubai

During the month of Jan-March 2022, 1,326 poor patients received Avastin injections at ten of our designated Hospitals. A total of 4,635 Avastin injections will be administered over the project period. These injections are being administered to patients who are unable to afford this treatment and are being financed by the Company. This project began in May 2021 and shall conclude in April 2022.

We take this opportunity to thank A&A Company Formations- DMCC for sponsoring this project.

Ebrahim AliBhai Charitable Trust

250 cataract surgeries on a monthly basis at LRBT's North Karachi facility are being financially supported for poor and deserving patients. This project was launched in January 2021. During the period under review we were able to conduct 750 surgeries. A total of 3,158 cataract surgeries have so far been conducted.

We take this opportunity to thank the Trust for this noble initiative.

Association of Physicians of Pakistani Descent of North America (APPNA)

In their remarkable and outstanding effort to alleviate blindness in Pakistan, APPNA has, for

a number of years been purchasing corneas in USA and donating it to LRBT for transplantation on patients. This initiative has transformed the lives of hundreds of individuals and has been a game changer for families especially those dependent on a single bread earner. While we received a total of 25 corneas in this fiscal year, this was halted due to global outbreak of Omicron, a variant of the prevailing pandemic. With improvement in the situation now, APPNA has resumed this activity and have sent us 6 corneas in the quarter under review. We are deeply indebted and grateful to APPNA for their continued support.

HUMAN RESOURCE DEVELOPMENT

LRBT strongly believes in training its doctors and paramedics so as to give the best quality care to our patients.

1. HUMAN RESOURCE DEVELOPMENT

a. DOCTORS QUALIFICATIONS

1. Dr. M. Irfan Akber Malik	-	Lahore (Township) Hospital	FCPS
2. Dr. Fatima tun Nissa Raza	-	Lahore (Township) Hospital	FCPS
3. Dr. Hamza Ali Tayyab	-	Lahore (Township) Hospital	FCPS

At present 50 FCPS and 11 MCPS trainees are undergoing postgraduate training.

CONTINUOUS MEDICAL EDUCATION

89 of our doctors at the Tertiary and Secondary Hospitals are presently undergoing various types of procedural training.

2. TRAINING & DEVELOPMENT

LRBT School of Ophthalmic Paramedicine

SESSION 2022: Advertisement for Admissions published in the local newspaper. Collection of applications and selection process for Ophthalmic Assistant, Ophthalmic Technician, Ophthalmic Operation Theatre (OT) Technician & Refractionist Course have also been completed. A total of 44 candidates selected from all over Pakistan. Classes commenced from 10th January 2022.

SESSION 2021: Students from Punjab and Sindh completed their academic session in December 2021, they appeared in their final examinations at Jinnah Medical College Hospital (JMCH) and all stand qualified.

OTHER TRAINING PROGRAMS

14 Optometrists from LRBT Hospitals and Other Institutes attended 5-days Training Program on Clinical & Functional Low Vision Management at LRBT Korangi Hospital from 21st to 25th March 2022, sponsored by Brien Holden Foundation.

Mr. Wajid Mehmood and Mr. Muhammad Safdar from CBM Project THQ Hospital Sadiqabad attended 2-days Skill Enhancement Training at LRBT Korangi Hospital from 14th to 15th March 2022.

Mr. Qutubuddin from CBM Project THQ Hospital Sadiqabad attended 3-days Photography Skills Training at LRBT Korangi Hospital from 14th to 16th March 2022.

Mr. Saad Zafar and Ms. Oujala Shabbir from CBM Project THQ Hospital Sadiqabad attended 2-days Job Orientation Training at LRBT Korangi Hospital from 14th to 15th March 2022.

11 staff from LRBT Hospitals and Central Office attended 1-day Online Training on Inclusive Eye Health on 31st March 2022.

19 staff from all LRBT Hospitals attended 1-day Online Training on Employees Data on 12th March 2022.

19 staff from all LRBT Hospitals attended 1-day Online Training on Updating EOBI Record & Online Payment System on 01st March 2022.

89 staff from all LRBT Hospitals attended 1-day Online Training on MIS Operations & Applications on 15th, 22nd & 23rd February 2022.

10 Ophthalmic Technicians from various LRBT Hospitals attended 2 weeks Online Refresher Training from 14th to 28th February 2022.

9 Nursing Staff from various LRBT Hospitals attended 2 weeks Online Refresher Training from 17th to 31st January 2022.

10 O.T Technicians from various LRBT Hospitals attended 2 weeks Online Refresher Training from 20th December 2021 to 05th January 2022.

18 Hospital Administrators of LRBT 1-day Online Training of Trainers (ToT) on Fire Fighting & Emergency Evacuation on 01st January 2022.

3. APPOINTMENTS

Dr. Sabeen Abbasi from our Korangi Hospital appointed as External Examiner for 4th Year MBBS, Batch 2017 & Year Back (OBPE/OSCE) of Eye Module (Paper 5 – B) on 02nd & 03rd February 2022 at Sohail Trust Hospital.

Prof. Dr. Zeeshan Kamil from our Korangi Hospital appointed:

- As Assessor for OSCE Examination of MBBS Fourth Year Batch (2016) on 14th February 2022 at Jinnah Sindh Medical University.
- as External Examiner for 4th Year MBBS, Batch 2017 & Year Back (OBPE/OSCE) of Eye Module (Paper 5 – B) on 02nd & 03rd February 2022 at Sohail Trust Hospital.

Prof. Dr. Syed Fawad Rizvi from our Korangi Hospital was appointed:

- As assessor for OSCE Examination of MBBS Fourth Year Batch (2016) on 16th February 2022 at Jinnah Sindh Medical University.

- As External Examiner for 4th Year MBBS, Batch 2017 & Year Back (OBPE/OSCE) of Eye Module (Paper 5 – B) on 02nd & 03rd February 2022 at Sohail Trust Hospital.

4. WORKSHOPS

Dr. Omar Ilyas from our Akora Khattak Hospital attended:

- Workshop on Research Methodology, Biostatistics & Medical Writing (For Supervisor) from 28th to 31st March 2022 at CPSP Peshawar.
- Workshop on Educational Planning & Evaluation (For Supervisors) from 07th to 09th March 2022 at CPSP Peshawar.
- Specialist Session for the MCQs Question (Ophthalmology) on 04th March 2022 at CPSP Peshawar.

5. CONFERENCES

The Monthly Clinical Meeting of OSP Lahore was held at LRBT Lahore Township Hospital on 12th March 2022. Doctors from LRBT Lahore Township Hospital and other Hospitals participated in the meeting. The PGRs of LRBT Lahore Township gave the presentations during the meeting. Dr. Shahzad Shafqat was invited as International Speaker and Dr. Khurram Azam Mirza was the guest speaker for the meeting.

Dr. Kashif Iqbal from our Lahore Township Hospital attended 43rd Annual OSP Congress from 25th to 27th February 2022 at Pearl Continental Hotel, Peshawar.

Highlights from Around the World

PAKISTAN

1. KHI AWARDS- Powered by K-Electric K-Electric recently hosted their annual KHI Awards at the Sind Governor's House to commemorate the rich history of Karachi and pay tribute to

organizations that have helped in its development with their social welfare contribution. Out of 160 applications, 40 organizations were recognized for their efforts

in 13 categories such as health, education and sustainability. LRBT is proud to be the recipient of the award in the Public Health category (secondary/tertiary).

As LRBT continues its fight against curable blindness in Pakistan, recognition for our efforts and work encourages us to move forward with enthusiasm!

2. 9th FPCCI AWARDS

LRBT, has been awarded with the contribution to the health sector in the “Pakistan in the Social Welfare & Health Care Services” category from The Federation of Pakistan Chamber of Commerce and Industry at their 9th FPCCI Achievement Awards 2022, for its outstanding services in the healthcare sector for over 35 years.

The Award Ceremony was held on Saturday March 26, 2022 at Governor House Karachi. The achievement award was received by Mr. Shaheen Amin- Honorary Secretary & Trustee from the President of Islamic Republic of Pakistan

Dr.Arif Alvi.

3. CULINARY BOOK 'VIRSA' CONTINUES GIVING TO LRBT

The author, Shehar Bano, honored her late father Dr. Hasan bin Ahmed Rizvi's legacy of supporting LRBT by donating 100% profits of the award winning book

"Virsa" for the cause of eradicating curable blindness from Pakistan. The book is a tribute to her mother's culinary talent. We thank her and her family for their valuable support.

Highlights from Around the World

GLT 1. DINNER FOR SIGHT

The Graham Layton Trust hosted its annual pre Ramadan fundraiser, 'Dinner for Sight', at the Royal Nawaab on Saturday 19th March 2022. The evening was hosted by actor and Trustee Art Malik who spoke to the charity's CEO Nusrat Mirza about her recent visit to Pakistan where she met with patients whose lives have been transformed through the work of GLT and LRBT. Special attention was given to children suffering with ocular cancer, treatment for which costs £5,000 a year. Dr Saima Amin, Paediatric Eye Cancer Specialist at LRBT and Pakistan's first fellowship trained ocular oncologist, appeared on video to share how she has been saving children's sight through early intervention.
